LET US BUILD A SCHOOL TOGETHER!

UNDER Lea's TRUST

ABOUT US & THE PROJECT

UNDER Lea‘s TRUST e.V. is a small and very transparent working non-profit association located in Berlin and Kenya. Our work is focused on giving children living in the slum of Nairobi, Kenya, a future by education.

Every day our organization grows and the public school near the slum is bursting at the seams. Crosstalk lessons, around 100 children together in one class and a maximum of one or two teachers per class should finally be a thing of the past. In order to provide the children with the best education possible, we have been working for many months on the next step: BUILDING A SCHOOL

We ALL can make a difference and help build a school in Nairobi and give children a better future by donating and sharing this project.

Thank you so much,

Lea Sophie Kabitzsch
